

One old man said: A smooth sea never made a skilled sailor (F.D.Roosevelt)

Position	Lecturer (Since 2010), Department of Marine Science, Universitas Padjadjaran, INDONESIA Teaching and Research interests: Physical Oceanography, laboratory experiments, observation, and tropical oceanography
Education	Ph.D in Oceanography (2021-2025), Institute of Oceanography and Environment (INOS), UMT-Malaysia Thesis: Variability of Water Masses And Current Circulation of The Southeastern Tropical Indian Ocean Advisor: Prof. Mohd. Fadzil Akhir, PhD and Dr. Nur Hidayah Roseli Ocean Sciences Studies (PgOS) (2018-2019) Alfred Wegener Institut (AWI), Bremerhaven-Helgoland-Sylt, Germany Independent Project: Water mass profile at German Bight: An Overview from five years of R/V Heincke Observations Advisor: Dr. Eva Maria-Brodte and Dr. Kirstin Schulz M.Sc in Earth Science (2005-2008) Bandung Institute of Technology (ITB), Indonesia Thesis: Sea Surface Temperature Anomaly and Sea Level Rise Affect the Coral Reef in Bali Barat National Park, Indonesia Advisor: Prof. Safwan Hadi and Dr.rer.nat. Armi Susandi B.Sc in Oceanography (2000-2005) University State of Riau, Indonesia Thesis: Physico-Chemical Characteristics at Rupert Strait, Riau Province Advisor: Prof. Dr. Musrifin Ghalib and Prof. Dr. Syahril Nedi
Academic Career	• Head of Doctoral Study Programme, Sustainable Fisheries and Oceans (2026-present) • Head of Laboratory Computer, Faculty of Fisheries and Marine Science (2010-2014) • Staff to the Vice Dean I for Academic and Student Affairs (2010-2014) • Coordinator, Marine Station (Office of the Dean) (2015-2017) • President of KomitmenX Research Group (2011-present) • Head of Marine Science and Technology Laboratory (2018) • President of KomitmenX Research Group (2011-present) • Founder Jack Don't Swim StartUp (2022-present)
Topical Lecture	Universitas Padjadjaran, Indonesia (Physical Oceanography, Fisheries Oceanography, Climate and Meteorology); Universitas Indonesia, Indonesia (Oceanography Data and Technology); University Malaysia Sabah (UMS), Malaysia (Marine Debris), Universitas Jenderal Sudirman, Indonesia (Marine Debris); Institut Teknologi Sumatera (ITERA), Indonesia (Meteorology and Climate Change); Telkom University, Indonesia (Low-cost technology), Bandung Institut of Technology (ITB), Indonesia (Ecosystem Connectivity)
Achievement Award	• Awarded Best Innovator (Technology Category) at Universitas Padjadjaran Innovation Award for RHEA ARHEA (2024) • Ocean technology innovator recognized by the Business Innovation Center, Top 116 Innovations Indonesia, developing ClimBoX for ocean monitoring systems (2024)

Research Grants

- First Prize, National Scientific Writing Competition (Lecturer Category): Awarded for excellence in scientific writing addressing higher education challenges in the post-pandemic era **(2023)**
- Ocean technology innovator recognized by the Business Innovation Center, Top 115 Innovations Indonesia, developing RHEA ARHEA (Ocean Monitoring System) **(2023)**
- Winner, West Java Innovation Competition (KIJB): Awarded for marine technology innovation (ARHEA–RHEA), Government of West Java **(2022)**
- Best Writer (Environment Category), The Conversation Indonesia: Awarded as Best Writer in the Environment Category by *The Conversation Indonesia* for contributions on environmental and marine issues, including climate change and marine environmental challenges in Indonesia **(2021)**.
- Best Lecturer in the Faculty of Fisheries and Marine Science **(2016, 2017)**
- Awardee of the EQUITY-WCU Program **2025-2026**, Universitas Padjadjaran, a strategic LPDP-funded initiative to enhance global research visibility and international collaboration
- Nippon Foundation-POGO Observation. Monitoring Essential Ocean Variables (EOV) in the Pangandaran Bay, Indonesia **(2021-present)**. Position: Project Leader; Supervisor: Dr. Lilian Krug (Portugal) and Dr. Subrata Sarker (Bangladesh). <https://nf-pogo-alumni.org/projects/global/>
- Institute of Oceanology, Chinas Academic of Science (IOCAS)-Wave Laboratory. Air-Sea Flux Development in Pangandaraan **(2025-2026)**. Collaborator: Dr. Wang Zheng
- Ministry of Higher Education, Research, and Technology (DiktiSaintek). Sustainable Marine Monitoring System Kit: Integration of Multi-Parameter Sensors for Climate Change Analysis in Coastal and Marine Protected Areas (CLIMBOX V1.5). Position: Project Leader **(2025)**.
- West Java Government via In-Jabar (Institut Pembangunan Jawa Barat) Grants **(2024)**. Development of a low-cost marine instrument (NOABOX-JB) to support SDGs 13 and 14. Position: Project Leader
- Archipelagic and Island State (AIS)-UNDP Business Acceleration. Innovation solutions for a better utilization of the oceans and more efficient supply chains sustainability. RHEA and ARHEA Development in Fiji. <https://aisbluehub.com/events/11/ais-business-acceleration-2023> **(2023)**. Position: Project Leader
- Asia Pacific Economic Forum (APEC). Determining Microplastics Distribution in Coastal Aquaculture Input Systems and Developing a Mitigation Plan towards Seafood Safety". <https://aimp2.apec.org/sites/PDB/Lists/Proposals/DispForm.aspx?ID=3071>. A short desk study **(2023)**. Position: Representative Expert from Indonesia
- Nippon Foundation-POGO Observation. NANO-DOAP Outreach Program: Engaging Young People With The Marine Environment **(2023)**. Location: Pangandaraan Bay; Position: Project Leader. Supervisor: Dr. Lilian Krug (Portugal)
- Challenge Price, Research Link Climate Change (British Council). Mapping Marine Litter Pathways and Sea Level Rise in Indonesia, Case Study in Selayar Island **(2022-2023)**. Position: Researcher Principal Investigator: Dr. Sophie Ward, David Christie (Bangor University). <https://www.bangor.ac.uk/sos/research-grants-awards>

**Conference/
Meeting**

- Ministry of Education, Culture, Research, and Technology: Matching Fund Scheme. Development of Automatic Instrument Based on IoT: Nusantara Oceanography Backdoor Experiment (NOaBox) **(2022)**. Position: co-project leader
- Centre for Southeast Asian Studies (CSEAS) and The Norwegian Institute for Water Research (NIVA) Research Grants. Waste Distribution and Pattern on Mangrove Ecosystem in Citarum's Estuary (Study Case: Muara Gembong Regency) **(2021)**. Position: Co-Project Leader; Project Supervisor: Dr. Arisman and Dr. Marianne Olsen
- Archipelagic and Island State (AIS)-UNDP Research Grants. Developing Ocean Observation (ARHEA) for Archipelagic Countries. Joint partner with Marine Science Institute (MSI), University of the Philippines, Diliman, MOCEAN, and PT Robo Marine Indonesia (RMI) **(2021)**. Position: Project Leader
- Scottish Funding Council's Global Challenge Research Fund. Impacts of Ocean Plastic Wastes in Developing Countries: A Case Study for Indonesia, with Edinburgh University **(2020)**. Partnership professor: Prof. Venki Pangetasan. Position: PI from Indonesia
- Industrial Technology Development Program Grant-PPTI-BPPT. Development of RHEA for Marine Observation and Monitoring for Archipelagic Countries **(2019-2020)**. Partnership with PT Robo Marine Indonesia. Position: co-project leader
- Driven Demand Research Grant (DDRG)-World Bank. Marine Debris distribution and pathways in East of Nusa Tenggara (NTT) with applicative Lagrangian measurement and model **(2017-2018)**. Position: Project Leader
- IOCMSE, the 1st International Conference on Marine Science and Engineering: Current State and Future Trends. **November 2025**
- IOCAS International Training Course on Subsurface Mooring Observations. Qingdao, China, **September 2024**
- ASEAN Regional Workshop. Mitigation of Microplastic Pollution and Implications for Fisheries and Human Health. Bangkok, Thailand, **August 2024**
- NF-POGO Workshop and Alumni Meeting in Ocean Science. Alfred Wegener Institute, Potsdam-Berlin, Germany, **April 2024**
- NANO-DOAP Workshop and the Trevor Platt Science Foundation Symposium. Presenter: Padjadjaran Oceanographic Data Centre (PODC). Plymouth Marine Laboratory (PML), United Kingdom, **August 2023**
- Senior of Meeting (SOM) of AIS countries. ARHEA Training of Trainer, Speaker and Trainer: ARHEA the Innovation Instrument in Ocean Science. Side event at South Pacific Community. Suva, Fiji, **June 2023**
- AIS Forum ESCAP 79th. RHEARHEA: (Advanced) Drifter GPS Oceanography Coverage Area. Invited Speaker. Bangkok, Thailand, **May 2023**
- Archipelagic and Island State Forum (AIS-UNDP): Programme Showcase Underwater Drone Testing and Island clean up. Keynote Speaker. Pulau Seribu, Indonesia, **April 2023**
- TOMSY-UMT. Revisiting Watermass in Eastern Indian Ocean Near Indo-Australian Basin. Speaker. Terengganu, Malaysia, **November 2022**
- Centre of Strategic South East Asian Study (CSEAS) and NIVA Norway. Invited Speaker: Marine Debris in Muara Gembong. Bali, Indonesia, **April 2022**
- Alfred Wegener Institute, BAH Seminar. Speaker: Water mass and circulation in the German Bight. Bremerhaven, Germany, **2019**

Consultancy and Project

- PLN Power Indonesia. Analysis, Modeling, and Projection of Macrodebris Deposition in Lake Singkarak. In collaboration with the National Research and Innovation Agency (BRIN), **2025-2026**. Position: Debris Simulation Expert
- BRIN-PIL-Castalia Australia. Public-Private Partnership (PPP) Project for the Management and Development of the National Research Vessel Fleet of BRIN, **2025-2026**. Position: Scientific Expert from Castalia Australia
- Pupuk Kujang Indonesia. Investigation and Analysis of Breakwater for Marine Debris and Flooding in Tangkolak, Bekasi, **2025-2026**. Position: Oceanography expert
- Marine and Fishery Agency (DKP-West Java). Marine Protected Areas (MPA) Management and Development Program for two MPAs (Biawak Island and Pangandaraan), **2024**. Position: Project Leader.
- Food and Agriculture Organization of the United Nations (FAO). Strategic Action Plan (SAP) of the Indonesia Sea Large Marine Ecosystem (ISLME), **2023**. Position: Oceanographic Expert. Principal Investigator: Dr. Rudolf Hermes and Dr. C.M. Muralidharan (FAO)
- Food and Agriculture Organization of the United Nations (FAO). Finalising the Transboundary document of the Indonesia Sea Large Marine Ecosystem (ISLME), **2023**. Position: Oceanographic Expert. Principal Investigator: Dr. Rudolf Hermes and Dr. C.M. Muralidharan (FAO)
- Ministry of Marine Affairs and Fishery (MMAF). Assessment of Tin Pollution in Bangka Belitung, **2022**. Position: Oceanographic Expert
- Ministry of Marine Affairs and Fishery (MMAF). Project Planning of Marine Conservation Area (Biawak Island and Pangandaraan), **2022**. Position: Project Leader
- Centre for Southeast Studies (CSEAS). Riverine and Marine Debris in Southeast Asia. **2021**. Co-author
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in Morotai Island, North Maluku, **2017**. Position: Project Leader
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in Aceh Province. **2017**. Position: Project Leader
- Ministry of Maritime. National Plan on Marine Plastic Action. Drafting a document to reduce plastic leakage 70 % in 2025, **2017**. Position: Marine Science Expert
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in Bengkulu Province, **2016**. Position: Project Leader
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in North Sulawesi Province, **2016**. Position: Project Leader
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in Bengkulu Province, **2015**. Position: Project Leader
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in North Sulawesi Province, **2014**. Position: Project Leader
- Ministry of Marine Affairs and Fishery (MMAF). Marine Spatial Planning in Anambas Island, Riau Province, **2012**. Position: Project Leader
- Ministry of Energy and Mineral. Subsea Electrical Cable Oceanographic Survey on Bathymetry (single beam), ocean currents (ADCP), and Tides at Damar Island, DKI Jakarta, **2008**. Position: Observer and Data Processing

Scientific Cruise and Expedition	• Environmental Assessment of LNG Senoro-Senggigi, Luwuk, East Sulawesi, 2007. Position: Oceanographic Observer and Data Processing. • TRAX Expedition (Technical Research and Expedition) on Oceanography. As a Scientific Leader at Biawak Island, Palabuhanratu, Panjang Island, Thousand Islands, Pangandaran • Jalacitra III-2023 “Flores” Expedition (2023). Location: Banda Sea, Indonesia. Vessel: KRI Rigel (Indonesian Navy). The expedition was initiated by the Indonesian Navy’s Hydrographic and Oceanographic Center (Pushidrosal). I was an onshore scientist supporting the oceanographic analysis and marine debris in this cruise. Pushidrosal website: pushidrosal.id • Jalacitra II-2022 “Banda” Expedition (2022). Location: Banda Sea, Indonesia. Vessel: KRI Rigel (Indonesian Navy). The expedition was initiated by the Indonesian Navy’s Hydrographic and Oceanographic Center (Pushidrosal). I was an onshore scientist supporting the magnetic data acquisition design and processing in this cruise. Pushidrosal website: pushidrosal.id • R/V Heincke, German Bight, North Atlantic (2018). Deploy CTD-Rosette, sediment sampling, analyse nutrients, sampling microplastic in the seabed • R/V Baruna Jaya 8 JUVO Project (2015). Onshore Scientist who led in pH, temperature, and salinity in South Java. • R/V Marion Dufresne, INDOMIX Cruise (2010): Sorong-Jailolo Strait-Halmahera Sea-Seram Sea-Manipa Strait-Banda Sea- Ombai Strait-Savu Sea-Sumba Strait-Lombok Strait-Surabaya. Indonesia – France collaborative research on internal tides and mixing in the Indonesian Throughflow. RV Marion Dufresne. Pacific-Inner Indonesia-Indian Ocean (INDOMIX Projects) Deploy LADCP, continues measuring CTD-Rosette, multi oceanographic measurement. • R/V Baruna Jaya 8, Java Sea-Karimata Strait-Bangka Belitung (2009). Multi-oceanographic measurements 2009
Journal Editors/ Reviewers	Editors: Akuatika Journal (Universitas Padjadjaran); Tropical Oceanographic Research Frontiers (TORF), Universitas Mataram; Jurnal Hidrografi Indonesia, Navy Indonesia Guest Editor: Frontiers in Marine Science (Q1), Journal of Coastal Research (Q1) Reviewer: Nature (Q1), Elsevier (Marine Pollution Bulletin (Q2), Frontiers in Marine Science (Q1),
Award and Recognition	• Padjadjaran Oceanographic Data Centre (PODC) Endorsed by UNESCO (United Nations Decade of Ocean Science for Sustainable Development 2021-2030). Position: Founder • 1st Place in Unpad Appreciation Contest and Appreciation in Marine Technology: ARHEA (2024) • Business Innovation Competition (BIC): 115 Best National Innovator (2023) • 1st Place in West Java Inovation Contest Related to Ocean Technology. ARHEA Product (2022) • Best Writer in Environmental Theme for Conversation magazine (2022) • 2nd Place in West Java Inovation Contest Related to Ocean Technology. PODC Ocean Data Portal (2022) • 1st Place in Unpad Appreciation Contest. Padjadjaran Oceanographic Data Centre. (2022)

Fellowship and Scholarship

- 1st Place in Scientific Papers Competition: Effect of Pandemic Situation to Developing Countries **(2022)**
- Best Academic Lecturer from the Fishery and Marine Science Faculty **(2019 and 2020)**
- Best favorite Lecturer Fishery and Marine Science Faculty **(2016)**
- Visiting Scientist, Institute of Oceanology, Chinese Academy of Sciences (IOCAS), Qingdao, China. Researching sea level rise, air-sea flux instrument deployment, and drafting a manuscript **(2026)**.
- IOCAS International Training Course on Subsurface Mooring Observations. Institute of Oceanology, Chinese Academy of Sciences (IOCAS), Qingdao, China. Training in subsurface mooring systems, including deployment, recovery, and data analysis for ocean circulation and climate studies **(September 2024)**.
- Institute of Oceanography and Environment (INOS) Doctoral Scholarship **(2021–2025)**
- NF-POGO CofE Postgraduate Scholarship. Postgraduate Scholarship (PgCert) in observational oceanography and ocean data analysis **(2018–2019)**.
- INDOMIX Fellowship (IPEV–France; LEGOS–LOCEAN–IRD–IPB). Participation in an international oceanographic expedition on Indonesian Throughflow dynamics, including field observations and multidisciplinary data collection **(2010)**.
- PKIM–LIPI Scholarship (Pelayaran Kebangsaan Ilmuwan Muda). Oceanographic training and research aboard R/V *Baruna Jaya VIII* during a national scientific expedition **(2009)**.
- Supersemar Scholarship (Undergraduate Scholarship). Competitive merit-based scholarship awarded for academic excellence during bachelor's degree studies **(2003)**.
- Pertamina Scholarship (Undergraduate Scholarship). Competitive merit-based scholarship awarded for academic excellence during bachelor's degree studies **(2002)**.

Outreach Activities

- Secretariat, Ikatan Sarjana Oseanologi Indonesia. Contributing to national-level coordination and advancement of oceanographic research and professional networks **(2025–2027)**
- Secretary, Yayasan Kristen Kesejahteraan Mahasiswa Bandung—contributing to student welfare programs (housing, financial support, and capacity building), supporting education and community development initiatives, and strengthening student leadership and social outreach **(2026–2029)**.
- Research & Development Division, Persatuan Inteligensia Kristen Indonesia West Java. Engaged in research and intellectual initiatives within a national network of Christian scholars **(2026–2029)**
- Executive Board Member, Marine Conservation Section, Ikatan Sarjana Kelautan Indonesia (ISKINDO). Contributed to marine conservation initiatives and professional coordination within a national network of marine scientists **(2018–2021)**
- National Expert Team Member, National Plan of Action on Marine Debris, Ministry of Marine Affairs and Fisheries, Indonesia. Contributed to the development of national strategies and policy frameworks to address marine debris issues in Indonesia **(2016–2017)**.
- Reviewer for young sail expedition (Pelayaran Kapal Nusantara) from West Java 2014–2018
- Journal Reviewers: *Akuatika*, *Segara*, *Depik*, *Coastal and Research* (Canada), *Marine Pollution Bulletin* (England), *Frontiers in Marine Science*,

Memberships

- NF-POGO Alumni membership. 2019-present
- ADS Dive Licence. Basic Diver Training and Certificate. 2010-present
- Member of The Indonesian of Oceanology (ISOI) No. 06053209. 2010-present
- The oceanography society
